Merry Christmas!

Verse It's Christmas time
All around
Hello my Love, please look around
The world's spellbound

When children's choirs are singing
Their sweet carols ev'rywhere
And Christmas bells are ringing
The time has come to care

Refrain With all our love and Christmas joy to share
We'll be walking hand in hand
Through a Christmas wonderland
With all our love and Christmas joy to share
Christmas comes but once a year

Verse Christmas Eve
Enchanting night
May its magic let with love our souls ignite

We're gonna have a Christmas celebration
For freedom, peace and love and life
The greatest gifts on earth

Refrain With all our love and Christmas joy to share
We'll be walking hand in hand
Through a Christmas wonderland
With all our love and Christmas joy to share
Christmas comes but once a year

Verse It's Christmas Day
Here in town
Good morning Love, please come outside
We are snowbound

Let us build a snowman
In the middle of our street
With a lovely snow maid
And a chance for them to meet
And here they are

Refrain (2x) With all their love and Christmas joy to share
Now they're standing hand in hand
In a Christmas wonderland
With all their love and Christmas joy to share
Christmas comes but once a year

Merry Christmas to you!
